

Your company's **private AI ecosystem**, running on your own infrastructure.

Many platforms in your ecosystem. AI chat, process automation, knowledge & documents, and custom apps. Plus consulting to train your team and build the agents, automations and decision dashboards that run your business.

CORE PLATFORMS

<p>01 AI chat platform INCLUDED</p> <p>Private multi-model chat with ChatGPT, Claude, Gemini and more through one secure gateway. Conversations and documents stay on your servers.</p>	<p>02 Process automation orchestrator INCLUDED + SERVICE</p> <p>Build and run workflows yourself, or have our team scope and deliver them for you: invoicing, follow-ups, reports, cross-app automations and AI agents on schedule or on demand.</p>
<p>03 Knowledge base, wiki & document RAG INCLUDED</p> <p>Enterprise wiki, document search and retrieval over SharePoint, SQL and files. Source-cited answers across your company knowledge.</p>	<p>04 Custom apps + SERVICE</p> <p>Purpose-built web apps, from a full ERP to a niche BI dashboard or a single-function internal tool. Scoped and built by our team.</p>

HOW IT WORKS

<p>STEP 01 We install on your infrastructure Deployed on your own servers. Private, secure, yours.</p>	<p>STEP 02 We train your team on AI basics Live sessions plus access to our LMS for continued learning.</p>	<p>STEP 03 We connect your data sources SharePoint, SQL, files, internal websites, integrated in place.</p>	<p>STEP 04 We review your business processes We map opportunities for automation across your operations.</p>	<p>STEP 05 We automate your processes Deployed, measured, owned by your team.</p>
--	---	---	--	---

<p>MONTHLY FEE From \$200 /mo</p>	<p>PAY PER USE Low base fee + usage-based (tokens). Your team only pays for what they actually use. No per-seat subscription bloat.</p>	<p>TYPICAL SAVINGS 50-90% vs giving every employee a ChatGPT or Claude subscription.</p>

WHY ON YOUR SERVERS

Your data stays yours. Your knowledge stays home.

Public AI tools log conversations, train on your inputs and tie every user to a consumer account. Hilo Intelligence routes requests through our private gateway to model providers under enterprise contracts. **No training on your data, nothing kept on external servers.** Your documents, knowledge base and history live on your infrastructure.

INCLUDED IN YOUR MONTHLY FEE
